Conference dates **21-23 Nov 2021**

The **13th IEEE PES Asia-Pacific Power and Energy Engineering Conference 2021 (APPEEC)** will be **virtually** hosted during **21-23 November 2021**. The aim of the conference is to provide a premier platform for electrical engineers and researchers to present their works and to share experiences and ideas in power and energy engineering with experts and scholars from around the world. **APPEEC 2021** is organized by **IEEE PES Kerala Chapter**.

Technical papers are solicited on subjects pertaining to the scope of the conference that includes, but is not limited to the following topics:

- AI And ML Applications in Power Systems
- Big Data Analytics in Energy Systems
- Blockchain Applications in Smart Grid
- IoT Infrastructure for Energy Management in Smart Cities.
- Electric and Hybrid Vehicles
- Energy Efficient Architecture and Buildings
- Lighting and Illumination
- Transportation Electrification and Charging Infrastructure
- Energy Storage Technologies
- FACTS, HVDC and Pulsed Power
- Economics of Power Generation
- Electrical Machines and Drives
- Grid Integration of Distributed Energy Resources
- Power System Resilience
- Modeling and Control of Power Systems
- Power and Energy Engineering- Planning and Management
- Power Engineering Education
- Power Quality and Electromagnetic Compatibility
- Advanced Metering and Protection Systems
- Smart Grid Technologies
- Sustainable Technologies for Smart Grids And Micro-grids

Paper Submission:

Authors are invited to submit papers. 6 page full paper in standard IEEE double column format for review. The conference proceedings will be submitted to the **IEEE Xplore digital library**. Paper submission link is available in the conference website.
