

Message from Industry Relation Chair

It is a great pleasure to extend a warm welcome to all of you at **the 2023 IEEE PES 15th Asia-Pacific Power and Energy Engineering Conference (APPEEC 2023)** in the beautiful city of Chiang Mai, Thailand. We are here to explore, discuss, and collaborate under the theme "Transition towards Carbon Neutrality, Sustainability, and Flexibility for Future Energy."

This conference represents a significant moment in the world of power and energy engineering. As we convene here in Chiang Mai, we come together from diverse backgrounds, professions, and regions to collectively address the pressing challenges and opportunities of our time.

Our theme underscores the urgent need for transitioning to a more sustainable and flexible energy future, with a strong commitment to carbon neutrality. In this ever-changing landscape, we have a unique opportunity to share knowledge, exchange ideas, and foster innovation that will shape the course of the energy sector.

I encourage each of you to actively participate, engage in thought-provoking discussions, and make meaningful connections during this conference. Let us harness our collective expertise to accelerate the journey towards a cleaner, more sustainable, and resilient energy future.

I want to express our sincere appreciation to all the speakers, sponsors, attendees, and especially the industry representatives who have made this event possible and successful. Your commitment to the field of power and energy engineering is the driving force behind our progress.

As we embark on this exciting journey together, may our combined efforts and insights contribute significantly to the realization of a brighter and more sustainable energy landscape.

Thank you, and welcome to the 2023 IEEE PES 15th Asia-Pacific Power and Energy Engineering Conference in Chiang Mai, Thailand.

APPEEC 2023 Industry Chair
