

Message from Conference Secretary

It is my distinct pleasure and privilege to extend a warm welcome to all of you at the **2023 IEEE PES 15th Asia-Pacific Power and Energy Engineering Conference (APPEEC 2023)**, being held right here in the breathtaking city of Chiang Mai, Thailand. We are gathered here under the theme **"Transition towards Carbon Neutrality, Sustainability, and Flexibility for Future Energy,"** and it is an honor to be a part of this pivotal event.

Our conference theme embodies the very essence of the challenges and opportunities that the global power and energy sector faces today. The transition to a future where carbon neutrality, sustainability, and flexibility in energy systems are at the forefront is not merely a choice but an imperative. It is a commitment to a cleaner, greener, and more resilient energy future for our planet.

Over the next few days, we will be fortunate to engage with some of the finest minds and experts in the field who have dedicated their efforts to shape a more sustainable world. Our conference agenda is brimming with discussions on the latest advancements, breakthrough research, and innovative solutions that will drive this transition.

The Asia-Pacific region has long been at the forefront of energy innovation, and we are excited to gather here to harness that collective expertise, to explore new ideas, and to forge collaborations that will shape the future of power and energy engineering.

This conference is not just an opportunity for intellectual growth but also a platform for networking and forging lasting connections with peers from around the world. We encourage you to make the most of your time here, share your experiences, and absorb the knowledge and wisdom that this event has to offer.

Chiang Mai, with its rich cultural heritage and natural beauty, provides a serene backdrop for our discussions and deliberations. We hope that you will take some time to explore this remarkable city and immerse yourself in the local culture.

In closing, I extend my heartfelt thanks to all our speakers, sponsors, and attendees for making this conference possible. Your dedication to advancing the power and energy engineering field is truly commendable.

Let us embark on this exciting journey together, and may our collective efforts and insights contribute significantly to the realization of a more sustainable and flexible energy future.

Thank you, and welcome to the 2023 IEEE PES 15th Asia-Pacific Power and Energy Engineering Conference.

APPEEC 2023 Conference Secretary

Praditpong Suksirithawornkul - Hitachi Energy (Thailand)
