

## Message from Technical Program Chair

On behalf of the technical program committee, it is my great pleasure to welcome you to our well organized technical program offered by the 2023 IEEE PES 15th Asia-Pacific Power and Energy Engineering Conference (APPEEC 2023). The technical program of APPEEC 2023 consists of keynote speeches, technical and paper presentations, and panel sessions reflecting emerging technologies and latest research and development in the areas of power and energy engineering.

The technical program of APPEEC 2023 will start on Wednesday, December, 6th 2023. We hope you are pleased with the quality of this year's program, featuring 3 keynote speeches by world-class experts, 10 tutorial sessions, 3 special sessions, 5 invited speakers, 12 technology applications panel sessions, and 36 conference topics, from ... countries covering the key areas of power and energy engineering, will be presented. They are organized to report on-going work and to provide in-depth knowledge on important subjects. The detailed program is spelled out in the conference proceedings for your future reference.

Up to now, we received a total of over ..... submissions. Based on the review results, the technical program committee accepted .... high quality papers. We extend our profound gratitude to express our thankful appreciation to the keynote speakers, session organizers, panel organizers, the whole technical program committee, and organizing committee team. Without their great effort, the technical program could not be greatly succeeded. We are also grateful to all reviewers, who have been working very hard to support the peer-review process.

Finally, we would like to express our sincere thanks to the Electricity Generating Authority of Thailand (EGAT), the Metropolitan Electricity Authority (MEA), the Provincial Electricity Authority (PEA), the PTT Public Company Limited, the Electrical Engineering Academic Association (Thailand) – EEAAAT and the Faculty of Engineering at Chiang Mai University (CMU) for their valuable and generous support of APPEEC 2023. Last but not least, we would like to express our sincere thanks to all authors all around the world for their quality contributions.
